Chapter 1 by Cassie Sullivan

Hello, its me, I was wondering if after all these years you'd like to meet? jkjk

Watch out guys because Carly Future is giving out hints. She has already given out major hints like saying she was almost discovered today by Alex and Hilde (Heidi) but somebody has finally discovered who she is. I won't say who but lets just say, it was common coding.

Back to the hints though ;)

Well she has also given out hints about who she hangs out with, who her friends are, what book she might be reading, and the description of what her face might look like.

So pay close attention to what her next move is and what hints she will reveal. Well, Happy V-day, I'm signing off...
